MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Amendment No. 8 to Contract No. BA-732
Baird-Atomic, Inc., Project (AQUATONE). 25X1

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 5.
2. Contract No. BA-732 provides for the services of technicians trained by the subject contractor in the operation and maintenance of sextants at places within the ZI and overseas for Project AQUATONE.
3. *P-212* This Amendment No. 8 provides for additional funds necessary to cover services for Fiscal Year 1958, based on revised estimates. \$6,000 should be obligated against Fiscal Year 1958 AQUATONE funds for this purpose. By concurrence to this memorandum the Project Comptroller signifies that sufficient funds are available for this additional obligation.
4. Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956, which in effect results in all 10(b) expenses involving issuance of Treasury Checks being accumulated in a separate account within the Finance Division. The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 10(b) of Public Law 110, 81st Congress for each contract.
5. Approval of Amendment No. 8 to Contract No. BA-732 and
